Ridgway Township, Elk County Small Project Stormwater Management Application

As required by Ridgway Township Stormwater Management Ordinance, a Small Project Stormwater Management Application is required whenever less than 5,000 square feet of impervious surface is proposed. Impervious surfaces are areas that prevent the infiltration of water into the ground and shall include, but not be limited to, roofs, patios, garages, storage sheds and similar structures, and any new streets or sidewalks.

Table F-1					
To Calculate Impervious Surfaces Please Complete This Table					
Surface Type	Length	X	Width	=	Proposed Surface Area
Building					
Driveway					
Parking Areas					
Patios/Walks					
Other					
Total Impervious Surface Area to be Managed (Sum of All Areas)					

NOTE: The municipality can require the applicant to provide supplemental and additional information beyond the Small Project SWM Application if there is a threat to property, health or safety.

If the Total Impervious Surface Area is LESS THAN 2,500 Square Feet:

- A Stormwater Management Plan IS NOT required for this regulated activity, please read and sign the acknowledgement below.

If the Total Impervious Surface Area is GREATER THAN OR EQUAL TO 2,500 Square Feet:

- Complete the remainder of the Application, including the Small Project SWM Plan Worksheet.

Property Owner Acknowledges that submission of inaccurate information may result in a stop work order or permit revocation. Acknowledgement of such is by signature below. I declare that I am the owner or owner's legal representative. I further acknowledge that the information provided is accurate and Municipal employees are granted access to the above-described property for review and inspection as may be required:
